

# Acesonic® AM-125

## 50 Watt Karaoke Mixing Amplifier

**The mixing amplifier designed  
with performance and value in mind**

### Features:

- 50 Watts Max
- Two ¼" microphone inputs
- LED status display screen
- LED digital volume meter
- Music bass and treble control
- Music balance control
- Master music volume control
- Microphone volume control
- Microphone tone control
- Microphone echo control
- Dual banana speaker connector output
- Virtual center and surround sound speaker output
- Four audio input selectors
- Sleek aluminum finish

### Specifications:

- Respond Frequency: 10Hz-50Khz
- Input Sensitivity:  $\geq 95$  dB (A Power)
- Main Output: 25W + 25W (1Khz/8 $\Omega$ )
- Max Main Output: 40W + 40W (1Khz/4 Ohms)
- Surround Output: 20W (1Khz/8 $\Omega$ )
- Load Resistance: 4-16 $\Omega$
- Separate Degree:  $>45$  dB
- Frequency Regulate Scope:  $\pm 10$  dB (100Hz, 10Khz)
- MIC Input: 12mV/47K $\Omega$
- Power: 110V AC (V $\pm 10\%$ 50Hz)
- Weight: 16 lbs
- 1 Year Manufacturer Warranty
