

Acesonic® KM-111

PC, DVD, MP4, Guitar
Karaoke Mixer with USB Port

Transform Your DVD Player or PC into a Karaoke Machine

Boost sound performance
simply by turning on the
3D Sound Enhancer!

Features:

- **USB-to-PC Connection** - Play karaoke music from your PC and record your performance back to your PC using the USB port. Now you can sing on your PC and enjoy the best quality sound with no signal loss.
- **Plug and Play** - no need to install additional software. Windows XP and Windows Vista compatible only
- Two Individual Microphone Volume Control
- 3D Sound Enhancer
- Music Volume Control
- Microphone Treble Control
- Microphone Bass Control
- Microphone Echo Control
- Multiplex Function
- Headphone Output Jack
- Headphone Volume Controller
- Integrated USB Audio Solution using C-Media CM106 Audio I/O Controller. Even if you don't have a sound card for your computer, the KM-111 works as an external sound board via USB port that you can play and record your sound sources. You can connect a microphone and a headphone to the KM-111 Mixer and use it for Skype or making a phone call using MSN.
- Works as PC Sound Mixer. You can connect your headphone or computer speaker to the KM-111 to listen to music from your PC and use the knobs to adjust sound volume level and add 3D sound to your music enjoyment.

Specifications:

- Two 1/4" Mic Inputs (front panel)
- Two XLR Balanced Inputs - Connect two XLR microphones, electric guitar, Piano Keyboard, or sound sources to the rear panel.
- One RCA Audio Input - Connect your music source from a PC, iPod, MP4 Player, or DVD Player.
- One RCA Audio Output - Connect music output to your TV, home theater, or stereo system.
- 115/230 Voltage Selection
